

# St Agnes Museum Welcomes Group Visits

Following the success of recent visits by Old Cornwall Societies, St Agnes Museum is offering to organise packages of attractions around St Agnes.

These could be half-days or full days (possibly with lunch) combining a tour of the museum with another place of interest. Perhaps you would like a walk/talk about the harbour(s), a visit to the Driftwood Spars Brewery (how about a tasting), an informative visit to Blue Hills Tin Streams or some other aspect of St Agnes life.

At the Museum you will be able to examine the exhibits plus items not normally on show e.g. mine cost books or particular topics of interest (e.g. St Columb OCS wanted to see our hurling ball).

A discussion with the museum team at the planning stage will make the visit all the more rewarding!

So why not contact us?
